**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

It is un-American and not in the best interest of the consumer to limit competition;
we have already been heading in this unfortunate direction in many other business areas which
works to the advantage of a few large corporation only; if the trend continues, we will all end up at
the mercy of those "market leaders", who will dictate unreasonable prices and no customer service.
Internet access is already more expensive here in the US than it is in Europe, at lower bandwidths!

Lets not limit broad band competition!!
thanks
